

Specification:

- LED power: 1560LUM 27W(9pcs*3w high intensity LEDs)
- Dimension: 116 X 176 X 45mm/4.57" * 6.93" * 1.77"(with bracket)
- IP rating:IP67
- Color Temperature: 6000K(White)
- Operating Voltage: 10V-60V DC
- Life Span: 50,000 hours
- Lens material: PC Lens
- Material: Diecast aluminum housing

Features:

- Die-cast Aluminum Alloy Housing
- Waterproof, dustproof, quakeproof, anti-explosion
- Valid irradiation distance longer than normal bulb
- Upgrade PC lens surface with high light transmission
- Adjustable Mounting Brackets, easy to install

14.99 EA

- 4inch Round LED Work light with 9PCS x 3 Watt high power LEDs,total of 27W at 6,000K Color Temperature, Lighting the entire forward viewing area, which will give you comfortable and safe driving entertainment
- HIGH PERFORMANCE: Die cast aluminum housing for strength and durability. Upgrade PC lens surface with high light transmission, IP67 rated waterproof, dustproof and shockproof
- BETTER HEAT DISSIPATION: Special designed die-cast aluminum alloy heat sinks effectively extend the lifespan of the light bar to over 50,000 hours
- AJUSTBALE MOUNTING BRACKET: With adjustable mounting bracket, which makes changing direction of light beam easier
- DC 10V-60V WIDE APPLICATION: Compatible with almost all Jeeps, 4x4, Cars, Trucks, Motorcycles, SUVs, ATVs, Boats, etc. Indoor and outdoor uses: Garden Lighting, Backyard Lighting, Back-up Light, Off Road Lighting, Construction Lighting and so on.

Enhanced Air Circulation surface for Better heat-dissipation
